Rheumatic Diseases

Aching joints and muscles, lumbago, stiff joints, cold hands and dry eyes can all be symptoms of one of the **more than 100 rheumatic diseases from which more than 6 million Italians suffer**. Contrary to popular belief, these diseases are not caused by a cold and wet climate, but are due to a combination of genetic and environmental factors and **can be prevented**. **Early diagnosis is essential** to prevent bone and tendon damage that can lead to major disabilities.
